

## *THE LOVE OF GOD IS THE SOURCE OF MY SUPPLY. I AM PROSPERED AND ENRICHED.*

### ***Permanent Prosperity***

*By Myrtle Fillmore*

The only way to become permanently prosperous and successful is through the quickening, awakening and using rightly all the indwelling resources of Spirit. When we develop our soul and express its talents and capabilities in loving service to God and humanity, all our temporal needs will be supplied in bountiful measure. We have access to the realm of rich ideas and we enrich our consciousness by incorporating these rich ideas into it. A rich consciousness always demonstrates manifest prosperity.

**“The kingdom of God is within you” (Lk. 17:21 A.V.). Jesus said, “Seek first his kingdom and his righteousness, and all these things shall be yours as well” (Mt. 6:33).**

This means that we are to find the wealth of capabilities and spiritual resources within us and bring them into expression. When we develop the power to accomplish things and the qualities that we need in order to accomplish them, our success is assured.

We must depend wholly on the *inner* kingdom of supply and the indwelling Christ, for this inner way is the only way to receive permanently. We are to cease depending on outer, material avenues for prosperity, because when we look to the outer we look away from the one resource that is within us.

Prosperity is the result of complying with definite laws that are revealed by the spirit of truth within. Those who are prosperous and successful are the people who have a rich consciousness. They open their minds to rich ideas, and then cash in on these ideas in an outer way. The men and women who are famous and successful are the ones who have developed their innate abilities and used the success-producing ideas that have come to them.

If we are ever to understand and use the higher spiritual laws, we must learn to use the laws governing our present state! As we do this, we shall see that they are really different phases of the same law. The bounty of God is within us, undeveloped, and all about us, unused and misunderstood. All that the Father has is ours to use.

Those who take time regularly and who give themselves to the necessary prayer and meditation, to get new light and to round out their consciousness and ability to use all the faculties, find that they go from one prosperity demonstration to another.

When you develop your soul and express its talents and capabilities in loving service to God and humankind, all your temporal needs will be supplied in bountiful measure. You have access to the rich ideas of Divine Mind; enrich your consciousness by incorporating rich ideas into it. When you make righteous use of all your indwelling resources of Spirit, then you will become a magnet to attract success.
