- SCS 100 Overview: Hebrew Scriptures
- The Hebrew Scriptures (known as the “Old Testament” in the Christian world) are at the root of three major world religions—Judaism, Christianity and Islam. Hebrew Scriptures are a collection of fascinating and sometimes confusing stories, poetry, wisdom sayings and inspired visions. While some stories in Hebrew Scriptures are little known outside scholarly circles, others have become commonplace in conversation, e.g. “David vs. Goliath.” Students will explore the history and development of Hebrew Scriptures, thereby acquiring a solid foundation for continuing study and exploration.
- SCS 105 Overview: Christian Scriptures
- This course explores the Gospels, letters, history (Book of Acts), and apocalyptic literature (Book of Revelation) that comprises what is more commonly known as the “New Testament” of the Judeo-Christian Bible. This course examines the Christian Scriptures as a testament *about* Jesus by early Christian communities.
- SCS 110 Bible Interpretation: Hebrew Scriptures
- Beneath the literal sense of the Bible, interpreters have for over 2,000 years discerned allegorical meanings related to divine truths and spiritual realities. Unity’s approach to scripture is connected to that stream of thought, which has at times been “mainstream” but more often “esoteric” and mystical. Students will experience the rewarding and surprisingly practical process of the Unity way of Bible interpretation. They will learn a step-by-step method for metaphysical interpretation and application of the meanings to their lives. Students will metaphysically interpret selected passages from Hebrew Scriptures.
- SCS 115 Bible Interpretation: Acts to Revelation
- Unity’s “maieutic” and metaphysical approach to interpreting scriptures aims to help the interpreter cultivate self-knowledge and make contact with the Higher Spiritual Self commonly called “Christ within” and “Christ consciousness.” Students discover inner spiritual meanings of Christian Scriptures (Acts through Revelation) as they continue to apply the Unity method of interpretation to “the New Testament.”
- SCS 120 Jesus’ Teachings
- Teachings about the Gospels have usually portrayed Jesus Christ as the “*Great Exception*” to being human. However, by focusing upon his sayings, we can see Jesus as the “*Great Example*” for Spiritual Awakening, Empowerment, and Transformation. By exploring the teachings *of* Jesus, rather than the teachings *about* Jesus, we can follow that example. Students will develop a deeper and more practical understanding of Jesus as Master Teacher and Wayshower through reflection upon his sayings and methods. In this way, they will learn to build a strong spiritual foundation for “Christ Consciousness.”

SCS 125

The Christ

What is the significance of the word “Christ”? The idea of “the Christ” has various meanings in various spiritual traditions and even more meanings in the context of individual belief systems. For some, “Jesus” and “Christ” are synonymous, yet even so interpretations of “Jesus Christ” vary for those believers. “Christ” as the Greek form of the Hebrew “Messiah” has an entirely different meaning for Judaism. In metaphysical teachings, “Christ” signifies an innate spiritual principle and/or potential in every person. Students will experientially engage their own beliefs about “Jesus Christ” and the Christ idea using the Bible as the primary text.
