## Message from Beverley

**"I HAVE THE POWER TO SHAPE MY LIFE."**

Hello Everyone,

What an exciting time we are living through.

Normally this part of the newsletter Carran would write something, but she sends her love to all of you and she is also asking for your prayer support.

*" I have the power to shape my life." I read this in the daily word, the 30<sup>th</sup> April; that morning Beth O'Connell did a fantastic explanation of what power was. Not the type of power that politicians have or the power that a car may have but the power of love or wisdom; those facets we call the 12 powers in Unity.*

*The daily word ended that morning with these words: "For the kingdom of God depends not on talk but on power."—1 Corinthians*

*4:20. There it is, STOP TALKING AND SUITE UP - with peace, understanding, wisdom, faith, discernment, truth. Whatever it is*

*you need, its already in you, through you. As Kimerie Mapletoft always says: "There is a power within you, something greater*

*than you and yet innate, this power has many names, such as*

*God, Higher Power, Christ, Source, Awareness, the Universe, All*

*that is, the Divine and countless others." This power is always*

*there; you can shape your life by quieting the mind, and delving*

*deep beneath the outward appearances of what life seems to*

*throw at you. Using the power of faith we trust that all things are*

*working out for the good. As I travelled through the month of*

*April, I began to see that what I was creating was truly coming out*

*of the invisible. I will tell you all more next month. I wish you all a*

*lovely Bank Holiday Weekend. Bevxxx*
