The Power of United Prayer

September 2022

Dear Friend,

Myrtle Fillmore, Unity co-founder wrote,

"All of us sooner or later come to the place in our development where we are no longer satisfied to go on living the old life, without the knowledge of our oneness with God, the Source of our being."

Sometimes, when we reach this point in our soul's progress, we do not at first know just what is taking place. We may become restless and dissatisfied. We may go through experiences which we do not understand. We may even be tempted to think that our good has gone from us.

But just as surely as there is God the one Presence and one Power, we shall find that ... we are but going from one room, as it were, into another larger and lighter room."

-How to let God help you.

Do you relate to this message in any way? I know that at times I have felt overwhelmed, when it seemed everything was changing... [Read more](#)

Daily Word - Thursday 8th September, 2022

World Day of Prayer

"I hold the high watch as I pray"

With a faith-filled and thankful heart, I align my thoughts and feelings with spiritual truth. From this peaceful, powerful place, I hold the high watch as I pray.

When praying with people I know, I visualise them healthy and vibrant. I see them at peace with all their needs met. My vision becomes a living prayer as I affirm their innate divinity. Broadening my view, I focus on the well-being of all people, all the world's creatures, and our earth home. I envision the vibrations of my heartfelt prayer reaching everywhere as I rest in the peace of God.

As I touch the peace and perfection of God, the oneness I feel lifts my consciousness and raises the vibration of health, love, and life for everyone touched by my prayerful blessing.

***Devote yourselves to prayer, keeping alert in it with thanksgiving.
—Colossians 4:2***

What people are saying

" A big thank you...for all the work you put in that made the retreat such a joy. Yesterday I did my physical unpacking, but this week I shall be unpacking all the information and emotions. Overall the retreat felt like I had pressed a reset button because when I returned home everything seemed subtly different.."
